

Approval Authority Meeting
Thursday, June 13, 2013

10 A.M. Group Photo of Approval Authority Members

10:15 A.M. Regular Meeting will Begin

LOCATION

Alameda County Sheriff's Office OES
4985 Broder Blvd., Dublin, CA 94568
OES Assembly Room

AGENDA

1. CALL TO ORDER
ROLL CALL

UASI Chair	Anne Kronenberg, City and County of San Francisco
UASI Vice-Chair	Rich Lucia, County of Alameda
Member	Raymond Guzman, City and County of San Francisco
Member	Renee Domingo, City of Oakland
Member	Chris Godley, City of San Jose
Member	Emily Harrison, County of Santa Clara
Member	Mike Casten, County of Contra Costa
Member	Bob Doyle, County of Marin
Member	Sherrie L. Collins, County of Monterey
Member	Carlos Bolanos, County of San Mateo
Member	Mark Aston, County of Sonoma
Member	Brendan Murphy, CalEMA

General Manager Craig Dziedzic

2. APPROVAL OF THE MINUTES (Discussion, Possible Action)

Discussion and possible action to approve the draft minutes from the May 9, 2013 regular meeting or take any other action related to the matter. (*Document for this item includes draft minutes from May 9, 2013.*) 5 mins

3. GENERAL MANAGER'S REPORT

The General Manager will give an update regarding the following:

- a) FY2012-2013 Bay Area UASI Annual Report (Discussion, Possible Action)
 - b) Approval of the Management Team Organization Chart and Annual Work Plans (Discussion, Possible Action)
 - c) FY2013-2014 Management Team Budget (Discussion, Possible Action)
 - d) Cancellation of the July 11, 2013 Approval Authority Meeting (Discussion, Possible Action)
- (*Documents for this item are a report and four appendices from Craig Dziedzic.*) 10 mins

- 4. REPORT FROM THE ADVISORY GROUP** (Discussion, Possible Action)
Report from the Chair of the Advisory Group. Possible action to approve any recommendation(s) or take any other action related to this matter. (*Document for this item is a report from Mike Sena.*) 10 mins
- 5. TRAINING AND EXERCISE PROGRAM UPDATE** (Discussion)
Dennis Houghtelling will provide a report on the Training and Exercise Program FY 13 Allocation Request. (*Document for this item is a report from Dennis Houghtelling.*) 10 mins
- 6. NORTHERN CALIFORNIA REGIONAL INTELLIGENCE CENTER (NCRIC) UPDATE** (Discussion) Mike Sena will provide an oral presentation regarding the NCRIC. 10 mins
- 7. APPROVAL OF FY13 UASI GRANT ALLOCATIONS** (Discussion, Possible Action)
Catherine Spaulding will provide a presentation on the FY13 Grant Allocation. Possible action to support any recommendation(s) or take any other action related to this matter. (*Document for this item is a report from Catherine Spaulding.*)15 mins
- 8. RCPGP CATASTROPHIC PLAN FULL SCALE EXERCISE INTEGRATION WITH URBAN SHIELD 2013 UPDATE** (Discussion, Possible Action)
Janell Myhre and Lani Kent will provide an update on the RCPGP Catastrophic Plan Full Exercise integration with Urban Shield 2013. Possible action to support any recommendation(s) or take any other action related to this matter. (*Documents for this item are a report by Janell Myhre and Lani Kent.*) 15 mins
- 9. EXPENDITURE REPORT ON THE FY12 UASI GRANT** (Discussion, Possible Action)
Tristan Levarado will provide an update of the expenditures of the FY12 UASI Grant. Possible action to approve any recommendation(s) or take any other action related to this matter. (*Document for this item is a report from Tristan Levarado.*) 5 mins
- 10. REPORT FROM THE BAY AREA REGIONAL INTEROPERABLE COMMUNICATIONS SYSTEM JOINT POWERS AUTHORITY(BayRICS JPA)** (Discussion, Possible Action)
Report from Barry Fraser regarding the BayRICS JPA. Possible action to approve the report or take any other action related to this matter. (*Document for this item is a report from Barry Fraser.*) 10 mins
- 11. TRACKING TOOL** (Discussion, Possible Action)
Review the tracking tool for accuracy and confirmation of deadlines. Possible action to add or clarify tasks for the Management Team or take other action related to the tracking tool. (*Document for this item is the UASI Approval Authority Tracking Tool.*) 5 mins
- 12. ANNOUNCEMENTS-GOOD OF THE ORDER**
- 13. FUTURE AGENDA ITEMS** (Discussion)
The Approval Authority members will discuss agenda items for future meetings.
- 14. GENERAL PUBLIC COMMENT**
Members of the Public may address the Approval Authority for up to three minutes on items within the jurisdiction of the Bay Area UASI Approval Authority.
- 15. ADJOURNMENT**

If any materials related to an item on this agenda have been distributed to the Approval Authority members after distribution of the agenda packet, those materials are available for public inspection at the Bay Area UASI Management Office located at 711 Van Ness Avenue, Suite 420, San Francisco, CA 94102 during normal office hours, 8:00 a.m.- 5:00 p.m.

Public Participation:

It is the policy of the Approval Authority to encourage and permit public participation and comment on matters within the Approval Authority's jurisdiction, as follows.

- *Public Comment on Agenda Items.* The Approval Authority will take public comment on each item on the agenda. The Approval Authority will take public comment on an action item before the Approval Authority takes action on that item. Persons addressing the Approval Authority on an agenda item shall confine their remarks to the particular agenda item. For each agenda item, each member of the public may address the Approval Authority once, for up to three minutes. The Chair may limit the public comment on an agenda item to less than three minutes per speaker, based on the nature of the agenda item, the number of anticipated speakers for that item, and the number and anticipated duration of other agenda items.
- *General Public Comment.* The Approval Authority shall include general public *comment* as an agenda item at each meeting of the Approval Authority. During general public comment, each member of the public may address the Approval Authority on matters within the Approval Authority's jurisdiction. Issues discussed during general public comment must not appear elsewhere on the agenda for that meeting. Each member of the public may address the Approval Authority once during general public comment, for up to three minutes. The Chair may limit the total general public comment to 30 minutes and may limit the time allocated to each speaker depending on the number of speakers during general public comment and the number and anticipated duration of agenda items.
- *Speaker Identification.* Individuals making public comment may be requested, but not required, to identify themselves and whom they represent.
- *Designated Public Comment Area.* Members of the public wishing to address the Approval Authority must speak from the public comment area.
- *Comment, Not Debate.* During public comment, speakers shall address their remarks to the Approval Authority as a whole and not to individual Approval Authority representatives, the General Manager or Management Team members, or the audience. Approval Authority Representatives and other persons are not required to respond to questions from a speaker.

Approval Authority Representatives shall not enter into debate or discussion with speakers during public comment, although Approval Authority Representatives may question speakers to obtain clarification. Approval Authority Representatives may ask the General Manager to investigate an issue raised during public comment and later report to the Approval Authority. The lack of a response by the Approval Authority to public comment does not necessarily constitute agreement with or support of comments made during public comment.

- *Speaker Conduct.* The Approval Authority will not tolerate disruptive conduct by individuals making public comment. Speakers who use profanity or engage in yelling, screaming, or other disruptive behavior will be directed to cease that conduct and may be asked to leave the meeting room.

Disability Access

The UASI Approval Authority will hold its meeting at the Alameda County Sheriff's Office OES located at 4985 Broder Blvd. in Dublin, CA 94568.

In compliance with the Americans with Disabilities Act, those requiring accommodations for this meeting should notify Nubia Mendoza, at least 24 hours prior to the meeting at (415) 353-5223.

**Bay Area UASI Program
Approval Authority Meeting
Thursday, May 9, 2013
10:00 a.m.**

LOCATION
Alameda County Sheriff's Office OES
4985 Broder Blvd., Dublin, CA 94568
OES Assembly Room

**REGULAR MEETING MINUTES
DRAFT**

1. Roll Call

Chair Kronenberg called the meeting to order at 10:07 AM. UASI General Manager Craig Dziedzic took roll and Chair Kronenberg, Vice Chair Lucia, Members Godley, Collins, Guzman, Domingo, Murphy, Aston and Casten were present. Members Harrison, Bolanos and Doyle were absent, but their respective alternates David Snow, Mark Robbins and Dave Augustus were present.

2. Approval of the Minutes

Motion: Approve the minutes from the April 11 Approval Authority meeting.

Moved: Member Domingo **Seconded:** Vice Chair Lucia

Vote: The motion passed unanimously

Chair Kronenberg moved to item 3.

3. General Manager's Report

(a) National Preparedness Grant Program (Discussion)

Craig Dziedzic, UASI General Manager, provided an update regarding the FY14 National Preparedness Grant Program status. Mr. Dziedzic stated that the FY14 proposal consolidates current state and local preparedness grant programs into one overarching program, excluding Emergency Management Performance Grants and Fire Grants, Mr. Dziedzic discussed the highlights of the differences between the FY 2013 and 2014 National Preparedness Grant Program proposals.

(b) BAUASI/ Port Security Collaboration Update (Discussion)

Mr. Dziejdzic reported that the Bay Area UASI Management Team participated in a collaborative strategy workshop with the Marine Exchange of San Francisco, fiduciary agent for the Port Security Grant last year. A recommendation was formed from the workshop to establish a working sub-committee within the Northern California Area Maritime Security Committee (NorCal AMSC) to act as a liaison to the BAUASI to enhance cooperation and joint planning activities. The recommendation was approved by the NorCal AMSC and the members of the sub-committee are scheduled to meet with the Management Team's project managers to discuss the next steps to align mutual areas of interest and concern.

(c) Information and Sharing Focus Group (Discussion)

Mr. Dziejdzic stated that the UASI Management Team will form an Information and Sharing sub-group from the Info Sharing/Risk Management workgroup to ensure that our data sharing capabilities are effective and strategically integrated within the region.

Mr. Dziejdzic explained that the Information and Sharing sub-group will focus on a regional plan for strategic placement of Automated License Plate Readers (ALPRs) within the Bay Area. Thereafter, the group will examine the data integration of Coplink and Aries as well as the integration of social media with the special events module from Digital Sandbox.

(d) San Francisco Mayor Ed Lee's meeting with DHS Secretary Janet Napolitano (Discussion only)

Mr. Dziejdzic indicated that the San Francisco Mayor, Ed Lee, met with DHS Secretary, Janet Napolitano on Thursday, April 25 in Washington, DC, to discuss funding for the UASI grant program in the Bay Area. Mayor Lee indicated that the Bay Area's top funding priority was Interoperability since the Bay Area does not have interoperable communications for all first responders in the Bay Area. Secretary Napolitano indicated that grant dollars were limited due to federal budget cuts and stated that additional funding would not be provided.

4. Hub Funding Allocation

Catherine Spaulding, UASI Assistant General Manager gave a report regarding FEMA's funding formula to allocate grant funds among the four hubs using risk criteria. Jason Carroll, from Digital Sandbox gave a presentation on the proposed FY13 Hub Funding Allocation and the changes to the allocation percentages for the hubs.

The Board discussed whether the funding allocation formula would change once the Management Team receives the Department of Homeland Security guidance. The management team stated that the risk formula for the hubs is determined by the Approval Authority and changes may occur, whereas the risk formula issued by the Department of Homeland Security, is directly governed by the 9/11 Act, and there is no anticipation for changes to occur.

Motion: Approve the proposed FY13 Hub Funding Allocation.

Moved: Member Aston **Seconded:** Member Guzman

Vote: The motion passed unanimously

5. Boston Marathon Explosion

Mike Sena, Director of the Northern California High Intensity Drug Trafficking Area & Northern California Regional Intelligence Center, gave an oral presentation on the aftermath of the Boston Marathon Explosion and the role the Fusion Centers and the resources that the UASI funds to recover information regarding the suspects and explosives.

The Board discussed that the Boston Police Department participated in the 2012 Urban Shield and the training that included terrorists' scenarios involving explosives, helped prepare them for the Boston marathon explosion situation.

6. Public Safety Information Sharing

Mike Sena provided a status update on the regional public safety information sharing systems, Aries and CopLink, by UASI Operational Areas. He indicated that the full integration of Aries and CopLink will be completed within the next two months. Mr. Sena will return in six months to report the progress of the regional public safety information sharing investments.

The Board discussed a couple of Operational Areas that have integrated to the public safety information sharing systems that were not mentioned in the report and the investments that will occur for further development towards the improvement of the sharing systems, Aries and CopLink.

7. Adoption of RCPGP Plans by Operational Areas and Coastal CalEMA

Janell Myhre, UASI Regional Program Manager, presented a status report on the adoption of RCPGP plans by Operational Areas and Coastal CalEMA. She indicated that the RCPGP plans were developed for regional adoption as annexes to the CalEMA Coastal Region's San Francisco Bay Area Regional Emergency Coordination Plan (RECP) and for local adoption to county and core city emergency operations plans. Ms. Myhre stated that the Operational Areas support local plan adoption and most have adopted their local plans or are in progress to do so. CalEMA and CalEMA Coastal Region have committed to coordinate with local jurisdictions to review and adopt the regional RCPGP plans after local RCPGP plans have been reviewed, vetted and adopted at the local level.

The Board discussed the process for regional RCPGP plans to be adopted at a local and State level. It was determined that the local jurisdictions approve and adopt the regional plans through their disaster council and ensure that the plans do not conflict with the State's regional plans.

8. RCPGP Community Preparedness and Public Outreach Projects

Janell Myhre provided a report on the RCPGP Community Preparedness and Public Outreach Projects in the Bay Area. She indicated that the Regional Catastrophic Planning Team (RCPT) agreed to move three projects forward with the funding of \$568,750 that the Approval Authority accepted and approved.

The Representatives from the City/County of San Francisco, the City of Oakland and the City of San Rafael gave a presentation on the following projects:

- Regional Joint Information Center-Joint Information System (JIC-JIS): Enhances the ability of the Bay Area Region to provide consistent public messaging to RCPGP cities/counties in a disaster.
- Learn. Lead. Lift. (LLL): Promotes entire community's resiliency and mitigates the lack of disaster preparedness in underserved populations.
- Get Ready 5th Grade (GR5): Facilitates disaster preparedness with outreach to families through children and school curriculum.

9. Expenditure Report on the FY11 UASI Grant and Travel Expenses

Tristan Levardo, UASI Chief Financial Officer, provided a report on the FY11 UASI grant and indicated that the sub-recipient performance period is May 1, 2012 – November 30, 2013, with final claim for reimbursements due no later than January 4, 2014. Mr. Levardo stated that the Management Team received good project updates from the initial monitoring efforts by the project managers. To follow up on project completion to ensure that compliance and spending are on track, a second round of monitoring will ensue.

Mr. Levardo summarized all travel expenses incurred by the Management Team and representatives from various jurisdictions for the period of January 1 to March 31, 2013.

10. Report from The Bay Area Regional Interoperable Communications System Joint Powers Authority (BayRICS JPA)

Barry Fraser, interim General Manager for the BayRICS JPA, reported on the status of the BayRICS JPA meeting held in April 2013. Mr. Fraser reported new information regarding the completed process of collecting system and contact information and the establishment of the connectivity to allow Aviat Networks to begin monitoring the BayLoop network. Mr. Fraser stated that the BayRICS Technical Advisory Committee (TAC) will soon begin to develop a process for establishing and implementing BayLoop operating procedures, including a process for reviewing and approving regional applications to operate on the network. Once these processes are established, the network will begin supporting regional voice and data applications, including CopLink and Aries information sharing services.

Mr. Frazer also gave an update that the BayRICS Interoperable Voice Communications Report has been completed and it will be recommended to the BayRICS Board to approve and authorize the TAC and staff to distribute the report to Bay Area stakeholders. The negotiations for the FirstNet Planning Spectrum lease will conclude in the following weeks to meet the 90-day negotiations window set by FirstNet. However, prior to the Approval Authority meeting, Mr. Frazer indicated that the Board received a 30-day extension. After final details are resolved, the BayRICS Chair may set a special meeting later in the month to approve the lease.

11. Tracking Tool

Chair Kronenberg moved to item 12.

12. Announcements-Good of the Order

David Frazer, the UASI Risk and Information Sharing Project Manager, announced that on May 21st, a regional training for Digital Sandbox users will be held at the Alameda EOC. He indicated that there is still room available for anyone who is interested. Mr. Frazer also announced that the Risk Management Workshop Kick Off will take place in Dublin on May 29th.

Chair Kronenberg moved to item 13.

13. Future Agenda Items

Chair Kronenberg moved to item 14.

14. General Public Comment

Chair Kronenberg asked for general public comment. There was no public comment and the meeting adjourned at 12:06 p.m.

To: Bay Area UASI Approval Authority
From: Craig Dziedzic, General Manager
Date: June 13, 2013
Re: Item #3: General Manager's Report

Staff Recommendation:

Staff recommends approving the following items:

- (a) FY 2012-2013 Bay UASI Annual Report;
- (b) Management Team Organization Chart and Annual Work Plans;
- (c) FY 2013/2014 Management Team Budget; and
- (d) Cancellation of the July 11, 2013 Approval Authority Meeting.

Action and/or Discussion Items:

Review and approve the following:

- (a) FY 2012-2013 Bay Area UASI Annual Report;
- (b) Management Team Organization Chart & Annual Work plans;
- (c) FY 2013/14 Management Team Budget; and
- (d) Cancellation of the July 11, 2013 Approval Authority Meeting.

Background:

In accordance with the 2011 MOU of the Bay Area UASI Approval Authority and corresponding By-laws, the attached organization chart and annual work plan, together with the FY 2013/14 UASI Management Team budget, are submitted for approval. The 2012 – 2013 Bay Area UASI Annual Report is also submitted for review and approval.

Discussion/Description:

(a) FY 2012-2013 Bay Area UASI Annual Report (attached as Appendix A)

Highlights of our accomplishments include the following:

- (1) Enhancing interoperable communication by the completion of BayLoop, the Bay Area's mutual aid and microwave system;

- (2) Expanding training and exercise through the creation of an interactive website.
- (3) Strengthening information analysis/infrastructure protection through a working partnership with the Northern CA Regional Intelligence Center (NCRIC).

(b) Organization Chart (attached as Appendix B1)

The Organization Chart is divided into three components based upon functionality (i.e. project planning, grants management unit, and administration). As indicated on the chart, each of the components are divided by staff member and described as following: (a) assignments and responsibility; (b) contract vs. employee status; (c) salaries; (d) jurisdiction; and (e) vacancies.

Annual Work Plan (attached as Appendix B2)

The annual work plan aligns the Management Team’s activities with the Bay Area Homeland Security Strategy (“Strategy”) for enhancing regional capabilities to reduce the risk of terrorism. The objectives of the Strategy are as follows:

- Prevent and disrupt terrorist attacks;
- Protect the people of the Bay Area; its critical infrastructure and key resources;
- Respond to and recover from major incidents and all hazards that do occur;
- Continue to strengthen our preparedness foundation to ensure our long-term success;
- Guide future investments, increase capabilities and reduce risk.

The annual work plan also implements the abovementioned Strategy with eight (8) goals (“Goals”):

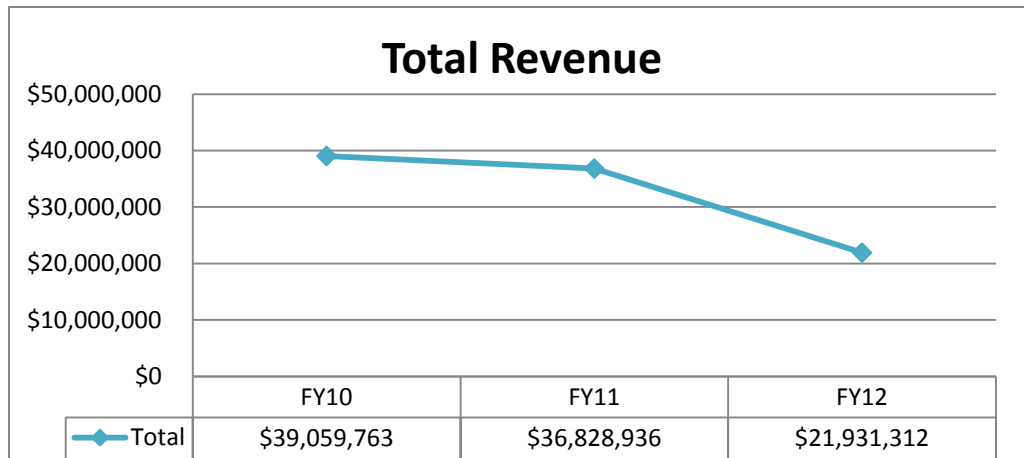

- Goal 1- Develop a Regional Risk management and Planning Program
- Goal 2- Enhance Information Analysis and Infrastructure Protective Capabilities.
- Goal 3- Strengthen Communications and Interoperable Communications.
- Goal 4- Strengthen CBRNE Detection, Response, and Decontamination capabilities.
- Goal 5- Enhance Medical, Public Health and Mass Care Preparedness.
- Goal 6- Strengthen Planning and Citizen Preparedness capabilities.
- Goal 7- Enhance Recovery Capabilities.
- Goal 8-Enhance Homeland Security Exercise, Evaluation and Training Programs.

(c) Budget (attached as Appendix C)

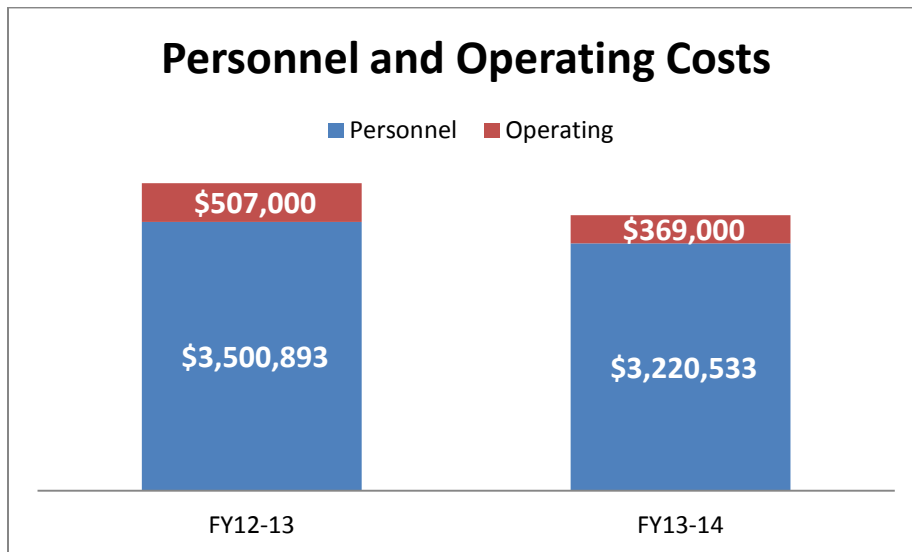

The FY2013/14 UASI Management Team proposed budget lists the revenue sources and amount from two grants (11 UASI and 12 UASI). The total from all revenue sources amounts to \$3,589,533.

The projected expenditures are listed by line item and include both operating expenses and personnel. The salaries and fringes are divided into the three divisions within the Management Team (i.e., project planning, grants management, and administration) and totals \$3,220,533. Additionally, the personnel detail of the salary & fringes are separately stated whereby each position within the three divisions is described by classification/jurisdiction, job title, and grant/project. The operating expenses total \$369,000.

In comparison to FY12/FY13, the proposed budget represents a 10.44% decrease (see attached table below).

	Total	% Decreased
FY10	\$39,059,763	
FY11	\$36,828,936	-5.70%
FY12	\$21,931,312	-42%

	Personnel	Operating		
FY12-13	3,500,893	507,000		4,007,893
FY13-14	3,220,533	369,000		3,589,533
Decrease	(280,360)	(138,000)	(418,360)	-10.44%

(d) Cancellation of the July 13, 2013 Approval Authority Meeting.

So far, only two assigned agenda items have been scheduled for the July Approval Authority meeting: (1) Update to the grants/projects policies and procedures manual; and (2) RCPGP Catastrophic plan Just in Time training update.

Due to the limited number of agenda items scheduled for the upcoming July meeting, staff recommends cancelling the July 13, 2013 Approval Authority meeting. The July agenda items would be combined with those scheduled to be heard at the August 8, 2013 meeting.

APPENDIX A
BAY AREA UASI
ANNUAL REPORT

FY 2012-13 Annual Report

**Bay Area
Urban Areas
Security Initiative
(Bay Area UASI)**

[This page intentionally left blank]

A MESSAGE FROM GENERAL MANAGER CRAIG DZIEDZIC

I am pleased to present to you the Fiscal Year 2012-13 (FY 2012-13) Bay Area Urban Areas Security Initiative (UASI) Annual Report highlighting our major accomplishments and vision for the future. It's a privilege to serve as the General Manager, and I look forward to continuing the cutting edge homeland security policies and programs for which the Bay Area UASI has become nationally renowned, including our risk management program, our full-scale homeland security exercise, "Urban Shield," regional interoperability advancements, and our statewide debris management planning efforts.

In general, this past fiscal year was challenging for the UASI national program as grant funding was decreased by 24%. The Bay Area UASI received a 38% reduction to its FY 2012 UASI grant award in comparison to the FY 2011 grant year, which corresponds to a reduced grant allocation from \$42.8 million to \$26.4 million. Additionally, other grant programs such as the Interoperable Emergency Communications Grant Program (IECGP) and the Regional Catastrophic Preparedness Grant Program (RCPGP) ended with the 2010 and 2011 fiscal years. This fiscal challenge was further compounded by the decrease in UASI grant performance periods from three years to two years.

To overcome these challenges, we effectively streamlined the project proposal process and reached out to all jurisdictions to closely monitor grant expenditures and project delivery deadlines. Moreover, as noted in our November 2012 Effectiveness Report, the Bay Area UASI investment of its grant funds to improve and sustain the region's capabilities align with local and national homeland security strategies and priorities.

Although we experienced some attrition on our Management Team, we were able to recruit within the region to build an outstanding team of professionals from various disciplines to work as project and grant managers. The Team facilitates workgroups and monitors/manages regional investments worth tens of millions of dollars in federal grant funds. To date, all grant funds awarded have been expended and no funds have ever been returned.

In January, a delegation from the Bay Area UASI Ad Hoc Legislative Committee traveled to Washington, D.C. to meet with the Bay Area congressional delegation and officials at the Federal Emergency Management Agency (FEMA) to share information about capabilities gained. Our region's leaders will continue these and other efforts as we approach FY 2013 to ensure the Bay Area receives the level of homeland security funding it needs to prepare for and meet critical security challenges.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Dziedzic". The signature is fluid and cursive.

Craig Dziedzic
Bay Area UASI General Manager

OVERVIEW

The mission of the Bay Area UASI is to improve regional capacity to prevent, protect against, mitigate, respond to, and recover from terrorist incidents and catastrophic events.

BAY AREA UASI OBJECTIVES

- Enhance and sustain regional capacity to prevent, protect, respond to, recover from, and mitigate terrorism by providing planning, organization, equipment, training, and exercises
- Prioritize investments in order to sustain and complete projects, programs, and systems
- Enhance regional collaboration by leveraging available funding and resources to achieve optimal results

THE BAY AREA REGION

The Bay Area UASI footprint includes twelve counties, three major cities and over 100 incorporated cities and has a combined total population exceeding 8.7 million people. It attracts 16 million visitors annually who spend more than \$16.6 million per day. With just over 800,000 residents, San Francisco is the fourth most populous city in California and the most densely populated major city in the State. San Jose and Oakland are the third largest and eighth largest cities in California, respectively.

BAY AREA GOALS

Develop a Regional Risk Management and Planning Program

Enhance Information Analysis and Infrastructure Protection Capabilities

Strengthen Communications Capabilities

Strengthen Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) Detection, Response, and Decontamination Capabilities

Enhance Medical, Public Health and Mass Care Preparedness

Strengthen Emergency Planning and Citizen Preparedness Capabilities

Enhance Recovery Capabilities

Enhance Homeland Security Exercise, Evaluation and Training Programs

“San Francisco is full of creative, diverse and visionary minds that drive the global economy. Bay Area UASI funding advances our ability to protect the people that live and work in our iconic city and are critical to our nation’s economic leadership and security.”

Mayor Edwin M. Lee, City and County of San Francisco

OVERVIEW

REGIONAL GOVERNANCE STRUCTURE

The Bay Area UASI is governed by a regional, multi-year Memorandum of Understanding (MOU) and is managed through a three-tiered governance structure: the policy-making Approval Authority; the Advisory Group, which makes policy and programmatic recommendations to the Approval Authority; and the Management Team, which manages day-to-day programs, grant and financial issues. This collaborative and regional governance structure is a homeland security best practice.

Voting members of the UASI Approval Authority are representatives from the cities of San Francisco, Oakland, and San Jose, and the counties of: Alameda, and Santa Clara, San Mateo, Marin, Sonoma, Contra Costa, and Monterey. Monthly public meetings are conducted and all agenda materials are posted on the Bay Area UASI website: www.bayareauasi.org.

MEMBERS OF THE APPROVAL AUTHORITY AD HOC LEGISLATIVE COMMITTEE MEET WITH FEMA DEPUTY ADMINISTRATOR RICHARD SERINO TO DISCUSS BAY AREA CHALLENGES AND SUCCESSES

KEY ACCOMPLISHMENTS

TRAINING AND EXERCISE

- Enrolled over 6,000 stakeholders on the newly developed regional Training and Exercise Website (www.bauasitep.org)
- Conducted 156 UASI-funded classes for 3,758 students as well as 38 RCPGP-funded classes for over 500 students throughout the region.
- Planned and conducted Urban Shield 2012, for over 4,100 local, state, federal, and international participants.
- Purchased equipment and conducted Mobile Field Force Training for 504 students.

EQUIPMENT

- Purchased and installed digital microwave equipment to complete the BayLoop project.
- Completed upgrades to alert and warning systems and virtual desktop software in multiple jurisdictions.
- Developed and utilized automated reporting and records management systems and predictive analysis software to aid and enhance information sharing within the region.
- Obtained chemical/explosive identification equipment and pathogen identification equipment to assist with CBRNE Detection and Response capabilities.

PLANNING

- Upgraded the regional risk assessment database to add pre-planned events to aid in risk management planning.
- Developed and implemented citizen preparedness plans throughout the region to strengthen Emergency Planning and Citizen Preparedness efforts.
- Leveraged IECGP funds to complete a Fleet Mapping Plan and further enhance regional interoperability.
- Coordinated with Los Angeles on debris management planning with RCPGP funds and conducted a statewide Debris Management workshop.

UASI PROJECT MANAGEMENT

To ensure the successful completion of projects, each Project Area is managed by a member of the Management Team. Project Managers are responsible for chairing and facilitating their respective working groups.

Improve Regional Risk Management and Planning

Project Manager, Captain Kevin Jensen,
Santa Clara County Sheriff's Office

The Bay Area's sophisticated risk management program software systems allows the region to determine the terrorism threats and other hazards posing the greatest risk to the region, the capabilities most needed to address those vulnerabilities, and the level of ability the region possesses.

During FY 2012-13, \$1.6 million was spent on various planning activities as well as the purchase and installation of upgrades to the software system to include a module on pre-planning for large scale events like the America's Cup Races scheduled for the summer of 2013. Additionally, the City of Oakland received funding for an alerts and warning system and virtual desktop software. The cities of Oakland, San Francisco, and San Jose developed Strategic Communications planning and other emergency operational plans.

UASI PROJECT MANAGEMENT

Enhance Information Analysis and Infrastructure Protection Capabilities

Project Manager, Captain Kevin Jensen,
Santa Clara County Sheriff's Office

In FY 2012-13, \$7.8 million was expended to enhance terrorism information analysis and the protection of infrastructure. The Northern California Regional Intelligence Center (NCRIC), in the top ten of all such centers in the country, with 23 participating agencies and a staff of 70, was a key component in our regional security efforts. This year, it managed the Bay Area's core risk management tool, conducted training for approximately 7,000 law enforcement, fire, and emergency medical support personnel, and purchased necessary equipment.

The NCRIC's most critical work centered on the analysis of information gathered by 11,000 trained Terrorism Liaison Officers (TLOs) and coordination with various local, state, and federal agencies (as described below). Other important infrastructure protection capabilities occurred in individual jurisdictions within the region, such as: automated reporting/records management systems in San Jose, predictive analysis software in San Francisco, and equipment purchases and training for mobile field force teams in San Francisco and San Mateo.

"Usually in the background, the dedicated men and women who work in fusion centers support major criminal and counter terrorism investigations. They are also always ready to provide support in a crisis, such as the unfortunate attack on the City of Boston."

Mike Sena, Director, NCRIC

Bombing of an Oakland Bank of America Thwarted.

The San Jose Police, through the NCRIC, coordinated with the FBI as a suspect attempted to conduct a vehicle borne IED attack on a Bank of America branch in Oakland. The agent assisted the suspect in the construction of the device (which was actually inert) for the attack. On February 7, 2013, the suspect attempted to detonate the inert device at the bank and was arrested by federal agents. He has been charged with the attempted use of a weapon of mass destruction against property and faces life imprisonment if convicted.

UASI PROJECT MANAGEMENT

Strengthen Communications Capabilities

Project Manager, Jeff Blau,
San Francisco Department of Emergency Management

BayComm is intended to enhance regional interoperable capabilities by linking together region-wide roaming for first responders with the eight Bay Area P25 Regional Communication Systems (RCS).

BayLoop, the Bay Area's mutual aid microwave system, will not only provide the connectivity to link the P25 voice systems for BayComm, but will also help transport the data shared by first responders using systems like CopLink and Aries and future mobile video/data users from BayWEB, the Bay Area's 700 MHz LTE System.

In FY 2012-13, the Bay Area spent nearly \$6.7 million to enhance regional interoperable communications. In April 2013, East Bay Regional Communications System Authority's (EBRCSA) remaining 4 cells were completed encompassing a total of 33 sites. This P-25 compliant system, providing communications for 13,000 subscribers at 41 local, state, and federal agencies, was recently put to use. Also making progress is the San Mateo Interoperable Radio Communications (SMIRC) system. They have completed 3 more sites for a total of 17 of the 19 proposed sites. Currently, the number of agencies committed to using this system includes approximately 32 county, medical transport, and transportation agencies. When completed, the total number of subscribers is expected to exceed 3,000 and will eventually reach 5,000.

Multi Agency Response to a Barricaded Suspect.

The Albany Police Department received calls about an armed suspect barricaded inside a building. During the seven hour standoff, neighboring agencies from Berkeley, El Cerrito, and Kensington arrived to assist Albany PD with perimeter control and to provide specialized search equipment. For the first time, these responding officers were able to monitor and broadcast on the Albany PD main channel and stay in contact with the Albany PD Tactical Team. The incident was successfully concluded with the arrest of the suspect.

UASI PROJECT MANAGEMENT

Strengthen CBRNE Detection and Incident Response

**Project Manager, Senior Deputy Fire Marshal Julie Linney,
Santa Clara County Fire Department**

The CBRNE Detection and Incident Response working group is responsible for reviewing all proposals to ensure that the region's first responders have the equipment necessary to save lives and property during an emergency incident. In FY 2012-13, the region spent \$5.2 million for all hazards response equipment. Equipment purchases included: Bomb Squad equipment, detection equipment, various command/negotiator vehicles, Search and Rescue equipment.

Enhance Medical, Public Health and Mass Care Preparedness

**Project Manager, Lani Kent,
San Francisco Department of Emergency Management**

Health and medical preparedness is a fundamental component of homeland security. In FY 2012-13, the Bay Area spent approximately \$957K in support of medical and health preparedness and related activities. Key accomplishments include purchasing tablet computers and software to support patient tracking and inventory management related to Mass Prophylaxis activities, as well as securing a contract to develop a Medical Health Multi-Agency Coordination Group (MACG) Handbook to facilitate regional decision-making by health officials.

UASI PROJECT MANAGEMENT

Increase Emergency Planning and Citizen Preparedness Capabilities

**Project Manager, Lani Kent,
San Francisco Department of Emergency Management**

In FY 2012-13, the Bay Area UASI spent \$819K on community preparedness programs, which contributes to the region's resiliency. San Mateo County purchased a solar panel Trailer Messaging Board and developed and distributed 426 Field Operations Guides, which are user-friendly reference materials designed to assist field personnel in the event of an emergency. Bay Area UASI also funded the purchase and distribution of 700 Community Emergency Response Team (CERT) Kits and 525 CERT Manuals, which are used in supporting first responders as well as providing assistance to victims and organizing spontaneous volunteers at a disaster site. Alameda County developed and implemented a Citizen Preparedness plan and Santa Clara County developed a Regional Citizen Preparedness plan for the four South Bay Counties.

Enhance Recovery Capabilities

**Project Manager, Lani Kent,
San Francisco Department of Emergency Management**

Given the high likelihood of a major disaster occurring in the Bay Area, it is essential for the region to ensure critical functions are restored as quickly and as smoothly as possible. In FY 2012-13, the BAUASI expended \$870K on several projects to support recovery efforts. This included a portable water tanker, which will help the region prepare for, respond to, and recover from an interruption to normal water supply. This funding also supported several plans, including a Continuity of Operations Plan which defines how Operational Areas will continue the performance of essential functions under a broad range of circumstances.

"The UASI grant program has supported and enhanced our First Responders and planning capabilities in ways that the City of Oakland would not have been able to attain under the current economic conditions. The program has [allowed the region] to collaborate and leverage time, resources and talent to augment the Region's ability to better respond to a terrorism event and catastrophic natural disaster."

Mayor Jean Quan, City of Oakland

UASI PROJECT MANAGEMENT

Enhance Training and Exercises

**Project Manager, Commander Dennis Houghtelling,
Alameda County Sheriff's Office**

Alameda County is responsible for the regional training and exercise program serving multiple disciplines. Comprised of employees from Alameda and Santa Clara Counties, the Training and Exercise Team has an office at the Alameda County Regional Training Center (RTC) and provides classes through the use of 15 different vendors. Highlights of 2012 include the development of a guidance manual, the completion of a multi-year regional Training Plan, and a website. The website has many features that allow potential students to sign up, view a calendar of classes, and even use their mobile devices to check on class availability.

"Urban Shield is developed so all first responders get used to responding to one major critical event together. I hope it made the Boston Team more confident and better prepared to deal with the recent bombings in Boston."

Sheriff Greg Ahern, Alameda County

The Training and Exercise team is also responsible for the development and conduct of Urban Shield, the region's nationally renowned 48 hour continuous exercise. Urban Shield incorporates regional critical infrastructure, emergency operations centers, regional communications systems, equipment and assets, and personnel representing all aspects of emergency response. Scenarios are intended to be as realistic as possible. In FY 2012-13, \$3.8 million was spent to conduct all training and exercise activities.

BOSTON POLICE DEPARTMENT

Recent events have borne out the importance of Urban Shield. The City of Boston had previously attended the Bay Area's Urban Shield and held its own Urban Shield exercises in 2011 and 2012. Federal officials indicate that Boston's response to the event can be traced to these efforts.

INTEROPERABLE EMERGENCY COMMUNICATIONS GRANT (IECGP)

Project Manager, Jeff Blau,
San Francisco Department of Emergency Management

IECGP was designed to help states and territories implement their Statewide Communication Interoperability Plans (SCIPs), align projects to the needs identified in the SCIPs, and develop governance, standard operating procedures, as well as training, exercises, and equipment. FY 2010 was the final year of this grant program and all expenditures were completed and reimbursement requests submitted by April 2013.

The state of California divided the grant among four planning areas. The Bay Area is part of the 22 county Capitol-Bay Planning Area with San Francisco acting as the fiscal agent. During FY 2012-13, \$527K was expended on equipment and planning.

The Bay Area Region completed a Fleetmap Radio Programming Guide, Contra Costa County purchased an Asset Inventory Management Software system to track their P25 Subscriber Investments, and Los Altos completed their North County TAC Channel to provide interoperability to the cities of Los Altos, Palo Alto and Mountain View.

A highlight of the grant program was the completion of the Hawkins Peak project. At 10,000 feet, Hawkins Peak, located in remote Alpine County, had no commercial power source. The problem was solved by the construction of a solar powered generation/energy storage facility which was connected by an 1,800 foot cable to the antenna tower and radio vault at the top of the peak.

REGIONAL CATASTROPHIC PREPAREDNESS GRANT PROGRAM (RCPGP)

Project Manager, Lani Kent,
San Francisco Department of Emergency Management

The RCPGP enhances the coordination of regional all-hazards planning for catastrophic events. Coordinated by the Regional Catastrophic Planning Team (RCPT), planning projects have been developed and completed. In October 2013, the Bay Area will leverage UASI grant funds and incorporate the RCPGP mass fatality plan into an Urban Shield exercise scenario.

During FY 2012-13, the Bay Area completed several community outreach projects, conducted training classes, and collaborated with the City of Los Angeles (LA) on a statewide debris management project. The total amount expended during the year was \$2.4 million.

A key outreach project, Get Ready 5 (GR5), involved fifth graders from around the region. GR5 uses the 5th grade study of Geology and the effects of earthquakes to prompt students to develop a family emergency plan. Using the City of San Rafael's previously developed project, the planning team coordinated informational kick off meetings and distributed printed materials. A website, (www.kidsgetready.org), was also developed for school districts to utilize.

The Bay Area and the City of LA collaborated on the important issue of debris management planning. The Bay Area had previously utilized LA's debris management plan while developing the region's plan and in early 2013, two workshops were held in LA to discuss coordination between the two plans. Subsequently, a first ever statewide workshop which brought together local, state, and federal representatives to discuss issues affecting both Northern and Southern CA was held. To complete the project, a web-based "just in time" debris management training program was developed for uploading onto all Bay Area and City of Los Angeles EOC computers.

"To prevent and respond to terrorist attacks and other disasters, jurisdictions must collaborate across boundaries. The UASI model allows for an effective regional public safety partnership, which is critical to the well-being of our residents and the continuity of businesses that drive our innovation economy."

Mayor Chuck Reed, City of San Jose

GRANTS MANAGEMENT

The Grants Management Unit, led by the Chief Financial Officer, oversees and executes all administrative tasks associated with the application for and distribution of grant funds and programs.

GRANT AWARD HISTORY

Since 2006, the region has received approximately \$246.8 million in homeland security grant funds through the federal Homeland Security Grant Program (HSGP), the IECGP and the RCPGP. The City and County of San Francisco acts as fiscal agent for the management of these funds. The chart below documents the amount of homeland security grant funding awarded to the Bay Area since 2006:

GRANT COMPLIANCE

Once MOUs have been signed by jurisdictions, the grants management staff ensures that all funds are spent in accordance with federal regulations and grant guidelines. This includes working with Project Managers to track expenditures, reviewing reimbursement requests for proper documentation, and submitting modification and reimbursement requests to the funding agency.

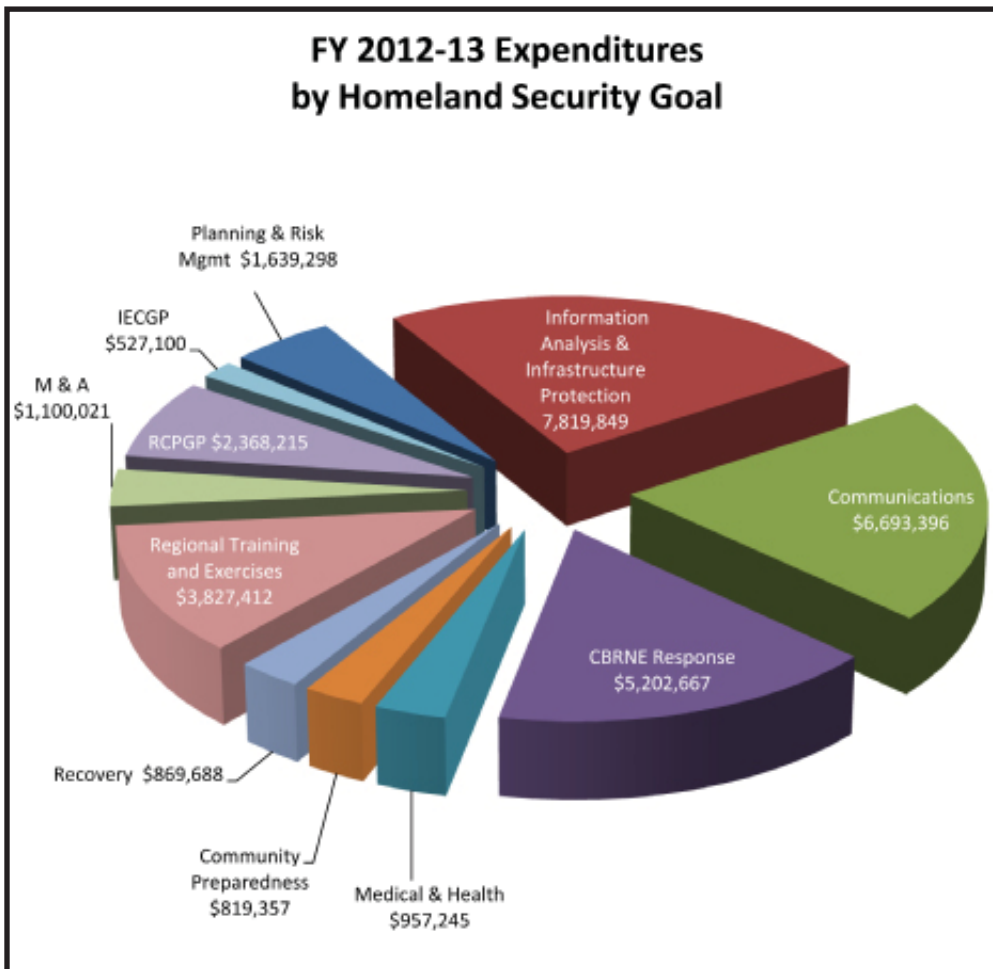

FY	UASI	IECGP	BZPP	COPS	PSIC	RCPGP	TOTAL
2006	\$22,656,000						\$22,656,000
2007	\$27,304,000			\$5,733,986	\$14,941,976		\$47,979,962
2008	\$29,724,000	\$1,425,427	\$579,090			\$7,500,000	\$39,228,517
2009	\$32,510,600	\$1,370,063	\$282,506			\$3,617,000	\$37,780,169
2010	\$34,262,131	\$1,227,632	\$585,000	\$750,000		\$3,570,000	\$40,394,763
2011	\$35,546,960					\$1,281,976	\$36,828,936
2012	\$21,931,312						\$21,931,312
TOTAL	\$203,935,003	\$4,023,122	\$1,446,596	\$6,483,986	\$14,941,976	\$15,968,976	\$246,799,659

GRANTS MANAGEMENT

GRANT EXPENDITURES

For FY 2012-13, the total amount expended totaled approximately \$31.8 million between UASI, RCPGP, and IECGP funds. The top three expenditures by goal were: Information Analysis and Infrastructure Protection at \$7.8 million, Interoperable Communications at \$6.7 million, and CBRNE Detection and Response at \$5.2 million. The table below indicates all expenditures by project for FY 2012-13*:

*The San Francisco Fiscal Year runs from July 1 – June 30. These figures represent the period of July 1, 2012 to April 30, 2013.

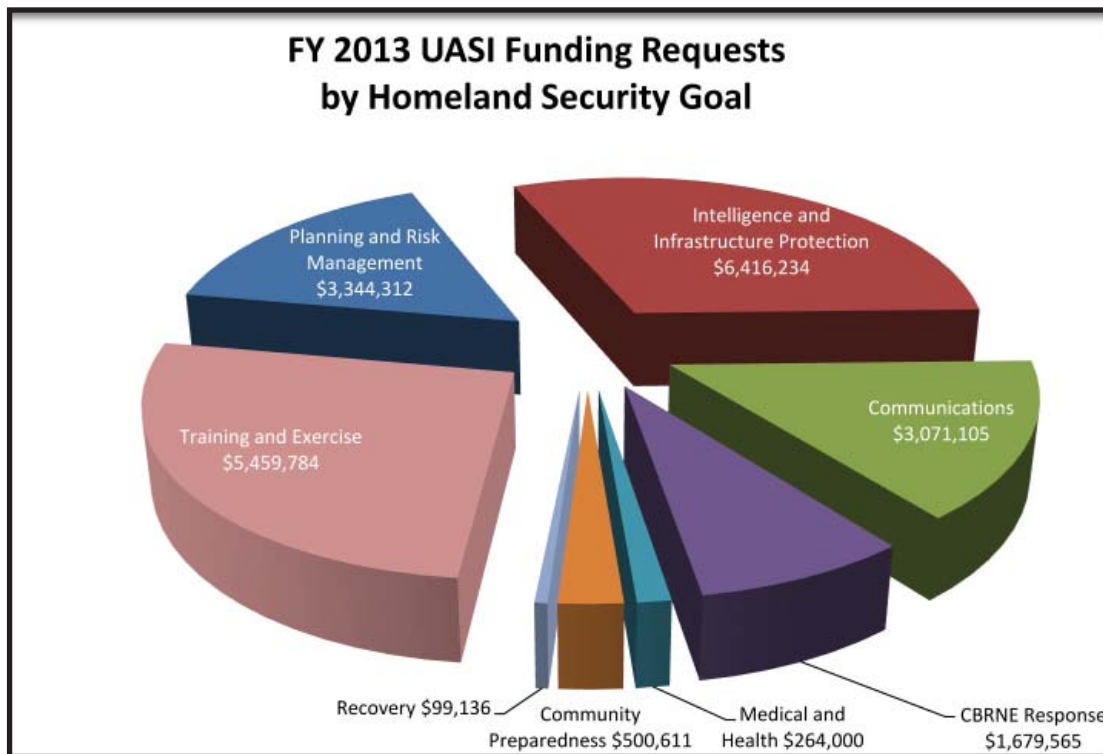

2013 PROCESS

PROJECT IDENTIFICATION AND SELECTION

In November, 2012, the UASI Management Team unveiled a new, online Project Proposal form and 157 proposals from all over the region were submitted for the FY13 grant cycle. In December 2012 and January 2013, working groups vetted these projects and the four Planning Hubs (North, South, East, and West Bays) met to select projects. Subject matter experts and members from each Planning Hub reviewed, discussed, and ranked the proposed projects in prioritized order. At the time, the FY13 amount was not known so FY12 amounts and allocation percentages for each Hub were used.

PROJECT SELECTIONS

In February 2013, the Advisory Group met to review the hub-selected projects to reduce duplication of effort and confirmed project prioritization based on regional risk. Lastly, at the March 2013 Approval Authority meeting, the list of projects was approved. Below is a table indicating the funding amount allocated to each project:

On May 21, 2013, the FY13 grant awards were released and the Bay Area received \$27.2 million, an increase of \$829K over the 2012 grant award year.

From: Mike Sena, NCRIC Director, Advisory Group Chairperson
Date: June 13, 2013
Re: Item #4: Advisory Group Report

Recommendations:

The UASI Advisory Group recommends approval of the FY13 UASI Grant allocation proposal.

Action or Discussion Items:

On May 23, 2013, The UASI Advisory Group received a presentation led by Assistant General Manager, Catherine Spaulding on the proposed FY13 UASI Grant allocation. Funding methodology was discussed among the members and motion was approved to forward the suggested proposals to the Approval Authority.

Regional Training and Exercise 2013 Program Proposal

June 13, 2013

Training & Exercise Update

Training

- Over 6,300 registered participants in the Training & Exercise Program

The screenshot shows the website for the Regional Training & Exercise Program. At the top, there is a navigation bar with links for 'About Us', 'Login', 'Create Account', and 'Contact Us'. The main content area features a section titled 'About Us' with a sub-heading 'About the Bay Area UASI Training & Exercise Program'. Below this, there is a paragraph of text describing the program's history and goals, followed by a quote from Aristotle: "We are what we repeatedly do. Excellence, then, is not an act, but a habit." The page also includes several small images showing people in training exercises.

The screenshot shows an iPhone home screen with various app icons. The status bar at the top indicates 'Sprint 3G', '3:30 PM', and '43%' battery. The app icons include Stocks, Utilities, The Tribune, KTVU, Bay Area UASI, MyCalendar, KP, LinkedIn, Newsstand, and Sourcebook. The dock at the bottom contains Phone (with a red notification badge showing '2'), Mail (with a red notification badge showing '94'), Safari, and Music.

Training & Exercise Update

Training & Exercise Program

- 6668 People Trained
- 240 Courses Provided and 39 Additional Courses Scheduled
- Training Provided to Multiple Disciplines
- Multi-Year Training & Exercise Plan Developed
- Urban Shield Full Scale Exercise Conducted

Training & Exercise Update

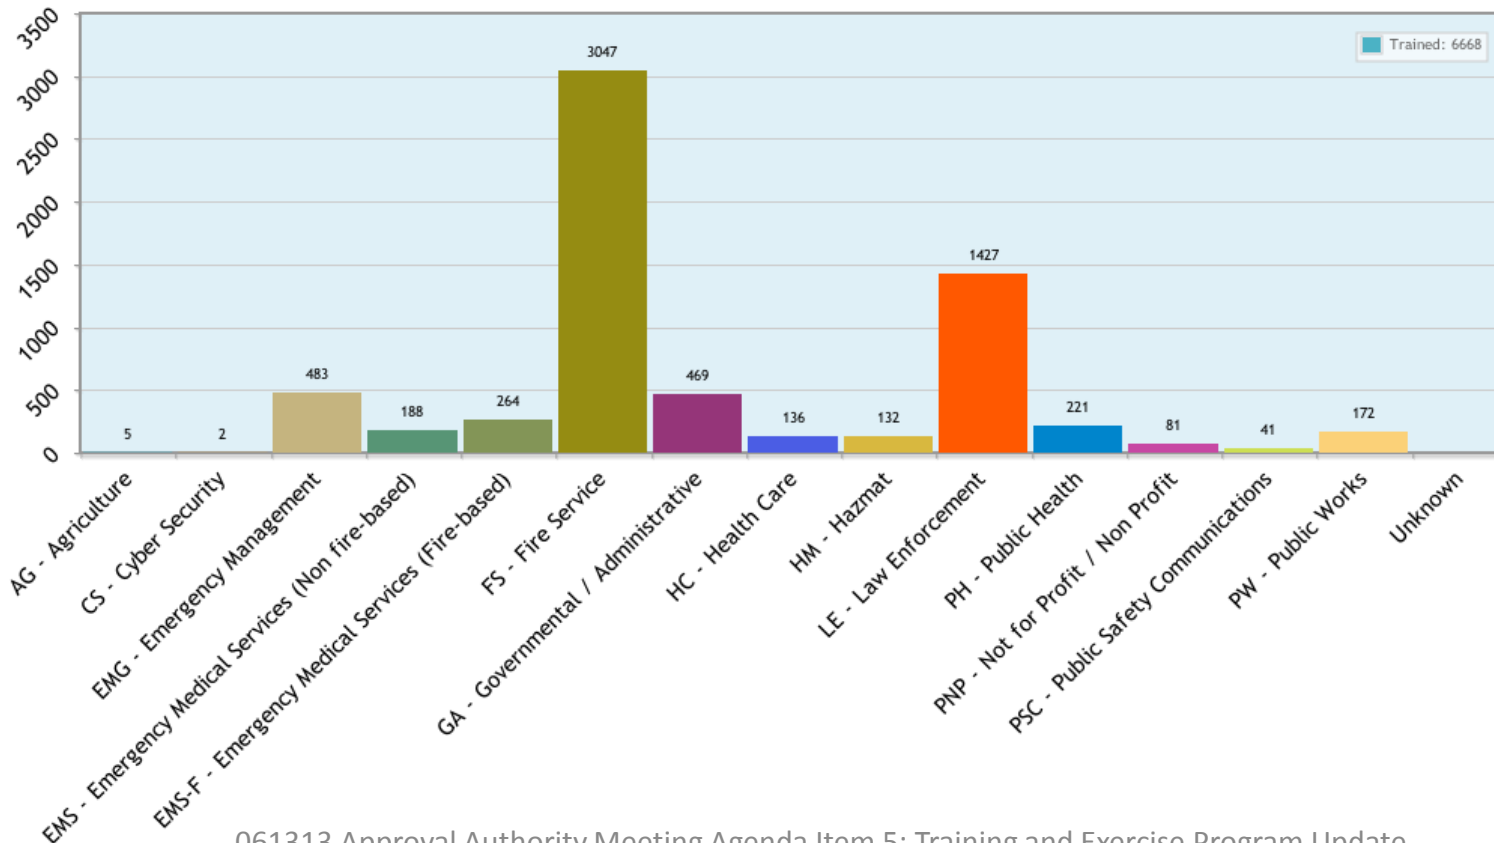

Training & Exercise Program-Additional Courses Brought to the Region (No Cost)

- June 3-4, 2013 Medical Management of CBRNE Events (TEEX)
- July 23-23, 2013 Community Healthcare Planning & Response to Disasters (LSU)
- July 29, 2013 WMD Radiological/Nuclear Awareness (CTOS-Nevada)
*includes Train-the-Trainer option
- July 30-Aug 1, 2013 WMD Radiological/Nuclear Responder Operations (CTOS-Nevada)
- Sept. 16, 2013 Standardized WMD/CBRNE Awareness Training (TEEX)
- Sept. 17-19, 2013 Operational Level Response to HazMat/WMD Incidents (TEEX)
- Dec. 2, 2013 Biological Incidents Awareness (LSU)
*includes Train-the-Trainer option
- Dec. 3-4, 2013 Emergency Response to Domestic Biological Incidents (LSU)
- May 28-29, 2014 Medical Preparedness & Response to Bombing Incidents (LSU)

Training & Exercise Update

Students Trained by Discipline (As of 05/29/2013)

Training & Exercise Update

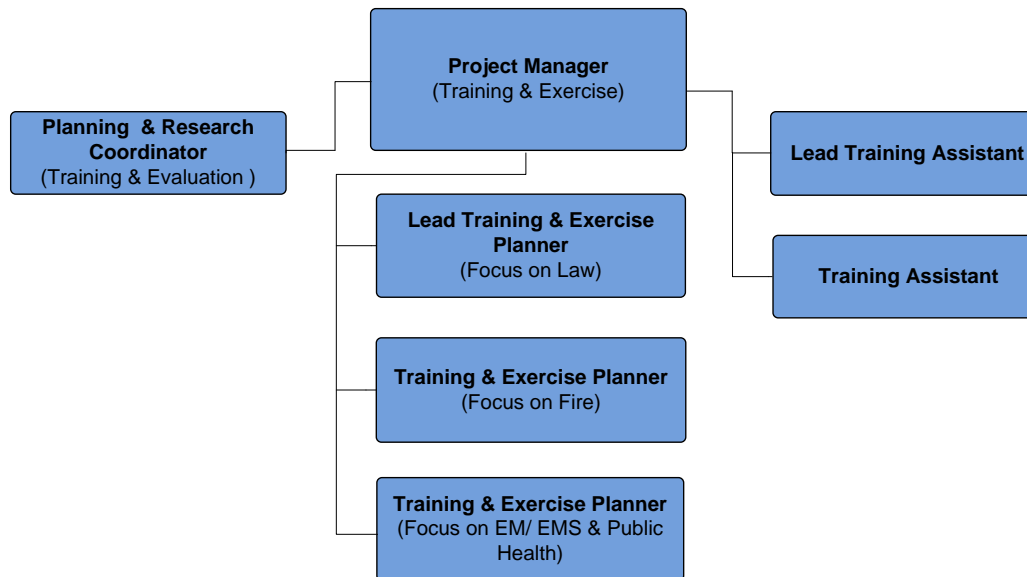

Courses by County (As of 05/29/2013)

2013 Performance Period

- **2013 Deliverables**

- Continue to fully staff the UASI Regional Training & Exercise Program.

2013 Performance Period

- **2013 Deliverables**

- Provide training in direct support of the UASI goals and objectives pertaining to the prevention, protection, response and recovery of acts of terrorism.
- Continue working closely with the CBRNE/Training and Exercise Working Group.
- Continue to work with the Advisory Group in their capacity as Executive Steering Committee to the Training & Exercise Program.

2013 Performance Period

- **2013 Deliverables**

- Update the Training & Exercise Guidance Manual as needed.
- Update the Multi-Year Regional Training & Exercise Plan.
- Complete and Regional Training & Exercise Annual Report.
- Continue the integration of the Regional Catastrophic Preparedness component into the Annual Urban Shield Full Scale Exercise.

2013 Performance Period

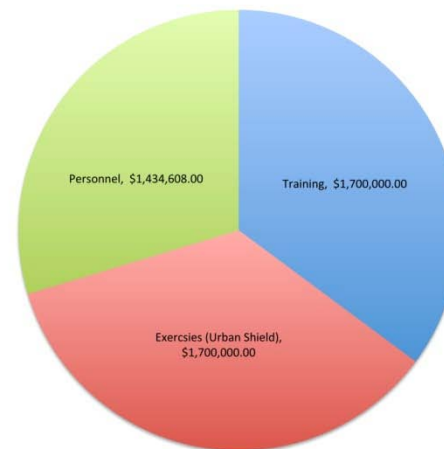

- **Program Efficiencies**

- Reduce personnel costs by approximately 15%

BAY AREA UASI

To: Bay Area UASI Approval Authority
From: Catherine Spaulding, Assistant General Manager
Date: June 13, 2013
Re: Item #7: Approval of FY13 UASI Grant Allocations

Recommendation:

Approve the proposed FY13 UASI grant allocations

Discussion:

On May 21st, FEMA released its 2013 Homeland Security Grant Program guidance, which includes the FY13 UASI award for the Bay Area. The Bay Area UASI grant allocation for FY13 is \$27,252,169, an increase of \$828,901 (3%) over the FY12 allocation of \$26,423,268. General Manager, Craig Dziedzic informed the Approval Authority of the grant allocation as well as provided other background information in his email on May 23rd.

On May 23rd, the Advisory Group convened and approved the FY13 grant allocations as detailed below in Table 1. The FY12 amount is included for reference.

Table 1: UASI FY12 and Proposed FY13 Allocations

	FY12	FY13
Award	\$26,423,268	\$27,252,169
State Holdback	\$4,491,956	\$5,450,434
Major City Allocation	\$3,000,000	\$3,000,000
Sustainment/Regional	\$10,581,143	\$10,398,608
Management Team	\$1,413,415	\$3,330,000
Hub Projects	\$6,936,754	\$5,073,128
TOTAL	\$26,423,268	\$27,252,169

Sustainment/Regional Projects:

As noted in Table 1, there is a \$10.4 million proposed allocation to sustainment and regional projects. These projects and the recommended allocations were individually vetted and approved by the Advisory Group. The list of projects and the proposed amounts are listed below in Table 2. The amount in FY12 is included for reference.

Table 2: FY12 and Proposed FY13 Sustainment/Regional Projects

Project	FY12	FY13
BayLoop Maintenance	\$265,000	\$240,000
Aries	\$354,000	\$354,000
Coplink West Node	\$360,000	\$282,000
Coplink South Node	\$290,000	\$350,000
Inventory Database	\$100,000	\$100,000
Mass Prophylaxis Regional Exercise	--	\$150,000
NCRIC	\$4,000,000	\$4,000,000
Risk Management	\$119,950	\$88,000
Training	\$3,392,193	\$3,134,608
Urban Shield - Full Scale Exercise	\$1,700,000	\$1,700,000
TOTAL	\$10,581,143	\$10,398,608

The projects and the allocated amounts are very similar between FY12 and FY13. The Approval Authority has recently heard updates on nearly all of the above projects, with the exception of the Inventory Database, which is planned for later this summer.

In addition, there is one new regional project, a \$150,000 allocation to the Bay Area Mass Prophylaxis Working Group (BAMPWG) for a mass prophylaxis regional exercise. The Centers for Disease Control and Prevention require Bay Area counties to conduct a regional full scale mass prophylaxis exercise. This exercise will take place in the fall of 2014 to address core and public health emergency preparedness capabilities as well as test the Association of Bay Area Health Officials (ABAHO) Multi Agency Coordination (MAC) group in response to a regional bioterrorism event Anthrax release. The exercise will include receiving, staging and storing (RSS) warehouse capabilities; public information message development and dissemination; and multiple OAs will activate EOCs/DOCs and operate at least one Point of Dispensing site.

Hub Allocations:

As noted in Table 1, there is \$5.1 million available for allocations to hubs out of the FY13 grant award. This amount is distributed to the four hubs based on the risk allocation percentage approved by the Approval Authority in the May meeting (East = 22.51%; North = 7.23%; South = 25.67%; and West = 44.59%). In addition, a total of \$2.3 million in FY12 salary savings were allocated to FY13 hub projects in March of 2013, bringing the total allocation to hub projects identified in the FY13 process to \$7.4 million. Table 3 below shows the salary savings amount, FY13 allocation, and total allocation by hub. The total amount allocated to hubs in FY12 is provided for reference.

Table 3: FY12 and Total Proposed Allocations to FY13 Hub Projects

Hub	FY12	FY12 Salary Savings	FY13 Hub Allocation	Total Allocation to FY13 Hub Projects
East	\$1,554,527	\$610,880	\$1,141,961	\$1,752,841
North	\$484,185	\$160,540	\$366,787	\$527,327
South	\$1,842,402	\$515,430	\$1,302,272	\$1,817,702
West	\$3,055,640	\$1,013,150	\$2,262,108	\$3,275,258
TOTAL	\$6,936,754	\$2,300,000	\$5,073,128	\$7,373,128

Re: Item #8: RCPGP Catastrophic Plan Full Scale Exercise Integration with Urban Shield 2013 Update

Recommendation:

Discussion Only.

Action and/or Discussion Items:

Discussion Only.

Discussion:

The Regional Catastrophic Preparedness Grant Program (RCPGP) FY 11 grant cycle requires a Full Scale Exercise (FSE) for at least one plan or effort developed with RCPGP funds. In order to meet this requirement, the Regional Catastrophic Planning Team (RCPT) is working with Urban Shield 2013 to integrate an annual Emergency Operations Center (EOC) exercise. This effort will institutionalize testing regional catastrophic plans and ensure the EOC discipline is incorporated into ongoing Urban Shield exercise design.

The EOC exercise will test components of the Regional Mass Fatality Plan and the Regional Logistics Plan. The Alameda Sheriff's Coroner Office, along with the following three Operational Areas, will exercise these plans in Urban Shield 2013 on October 26th:

- Contra Costa County EOC and Coroner Operations
- San Mateo County EOC and Coroner Operations
- City and County of San Francisco (CCSF) EOC

Urban Shield has established a Yellow Command to incorporate the EOC exercise component which will be responsible for overall coordination, including communications and logistics between County EOCs. Contra Costa and Alameda counties will activate their EOC and Coroner Operations based on a terrorist event creating mass fatalities. The CCSF EOC will work with the Urban Shield scenarios occurring within San Francisco to test their capabilities in Operations Coordination and Situational Assessment. This will take place for 2-4 hours in the morning.

Yellow Command will also coordinate a Disaster Mortuary Operational Response Team (DMORT) demonstration in Contra Costa County. This demonstration will consist of an 8-12 station set up to follow the DMORT process, including a Family Assistance Center (FAC) demonstration. This will take place for four hours in the afternoon.

Please see the backside of this document for a draft operational chart of the exercise framework.

Regional Catastrophic/Urban Shield Exercise Integration

Regional Objectives:

- EOC Operations
- Info Sharing

Local Objectives

Contra Costa

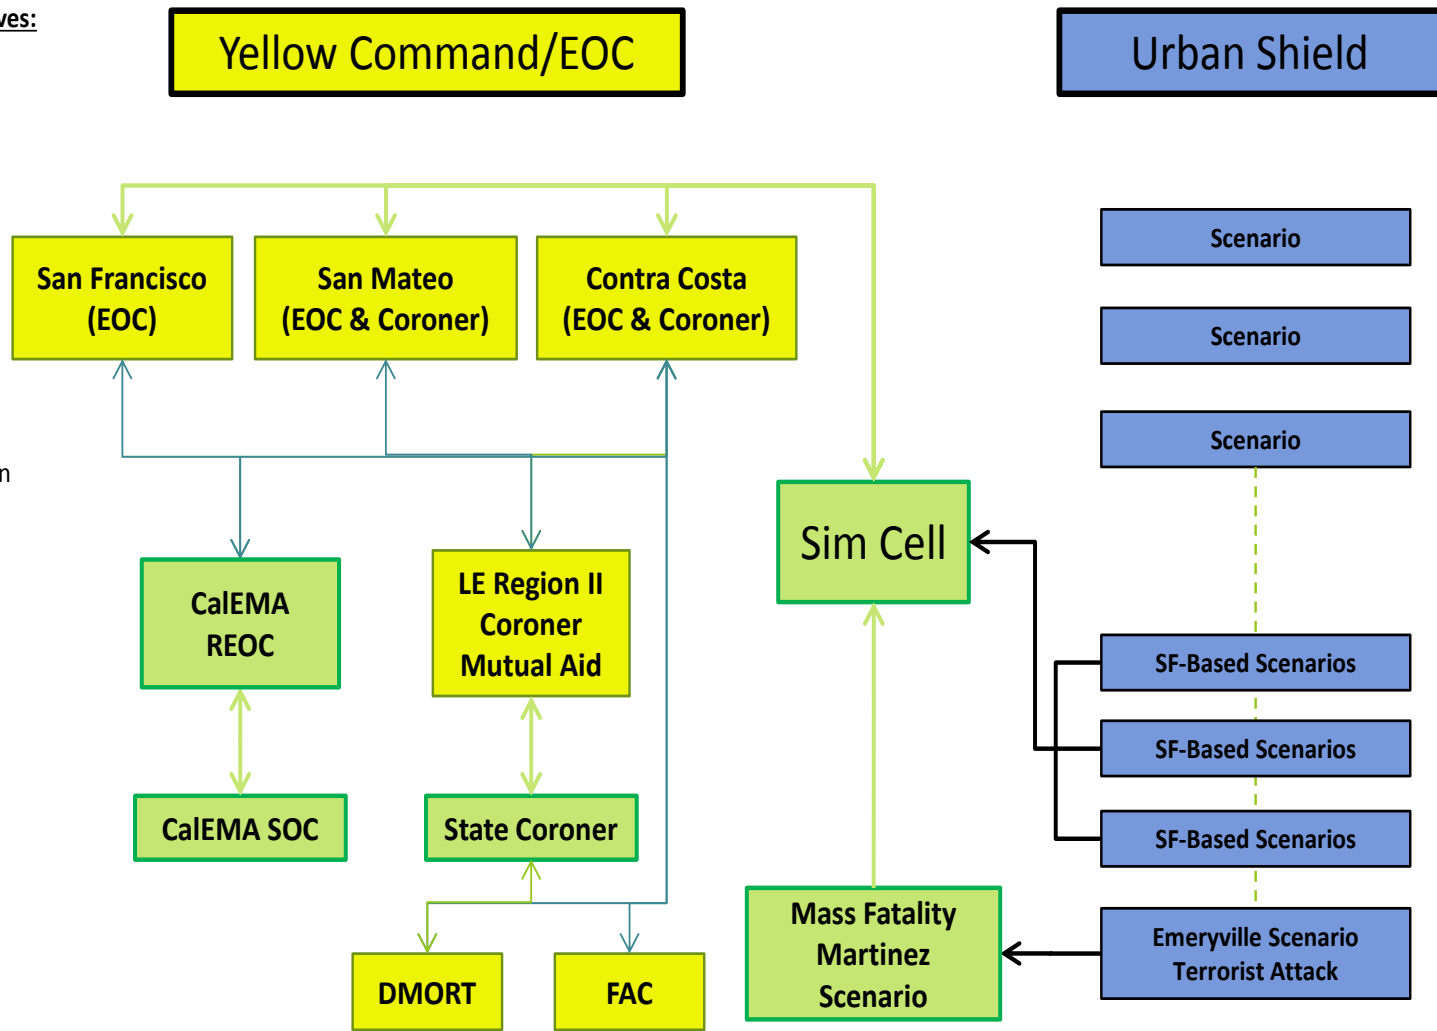

- Ops Coordination
- Public Information Officer
- Coroner Mass Fatality

San Mateo

- Ops Coordination
- Coroner Mutual Aid

San Francisco

- Ops Coordination
- Situational Assessment

Re: Item #9: FY2012 UASI Expenditure Report

Recommendation:

Information only

Action and/or Discussion Item:

Discussion

Discussion:

The sub-recipient performance period for FY2012 UASI grant is December 1, 2012 – November 30, 2013, with final claim for reimbursement due no later than January 4, 2014.

The table shows spending by jurisdictions. Overall spending only shows 1% of the total budget. Most MOUs have already been signed. Project monitoring is currently ongoing to assess the status of the projects. By August, this monitoring process should determine whether unspent funds will be reallocated to regional procurement of equipment approved by the Approval Authority on 3/14/13.

Financial Information:

Jurisdiction	Budget	Spent	Spent %	Obligated
Management Team	1,848,365			1,848,365
Alameda	4,648,622	302,412	7%	4,346,210
BART	19,170			19,170
Berkeley	327,226			327,226
Contra Costa	508,700			508,700
Cupertino	100,000			100,000
East Bay Regional Park	88,180			88,180
Felton	175,000			175,000

To: Bay Area UASI Approval Authority

From: Barry Fraser, BayRICS General Manager

Date: June 13, 2013

Re: Item #10: Report from the Bay Area Regional Interoperable Communications System Joint Powers Authority (BayRICS Authority)

Recommendations:

Receive and File Report

Action and/or Discussion Items:

Report from the Interim General Manager of the BayRICS Authority on the activities and progress of the BayRICS Authority for the month of May 2013.

Discussion/Description:

1. BayRICS Administration

At its May 9, 2013 meeting, the BayRICS Board of Directors took the following actions: (1) appointed Barry Fraser as permanent general manager for the BayRICS Authority; (2) adopted an Interoperable Voice Communications Status Report and directed staff to distribute report to stakeholders (Report is available at <http://www.bayrics.net/bay-area-interoperable-communications-report.html>); (3) designated the County of Alameda to serve as Treasurer of the BayRICS Authority; and (5) adopted minor Bylaws changes, including changes to allow the Technical Advisory Committee (TAC) members to recommend Alternates to serve in the primary member's absence. The Board's next meeting is scheduled for Thursday June 13 at 1:30 PM at the Alameda County Sheriff OES in Dublin. The Board is expected to approve a budget for FY 2013-2014 and may review a proposed spectrum lease agreement with FirstNet.

2. BayLoop

The BayRICS TAC has begun to develop regional BayLoop operating procedures, including a process for reviewing and approving regional applications to operate on the network. The TAC has started to review current procedures in place with other agencies and will develop a template

based on these examples. Once these processes are established, the network can begin supporting regional voice and data applications, including CopLink and Aries information sharing services.

3. Staff Activities

FirstNet Western States Consultation Workshop. The FirstNet Board is conducting a series of six Regional Consultation Workshops, including a workshop held in San Francisco on May 29-30. These workshops begin the formal consultation dialog between FirstNet and the States, and will allow FirstNet, to inform stakeholders on the status of FirstNet's vision and timeline.

BayRICS staff attended the San Francisco workshop, along with nine representatives from California. In addition, representatives from the states of Alaska, American Samoa, Arizona, Guam, Hawaii, Idaho, Nevada, North Mariana Islands, Oregon, and Washington, attended this workshop.

FirstNet has partnered with the National Governor's Association (NGA) to facilitate the workshops. During the meetings, FirstNet provided a project update and held several breakout sessions with attendees to gather input from about public safety broadband requirements and priorities. This input will help FirstNet design the network and conduct an effective vendor RFI/RFP process, which will in turn drive the timeline for delivering state-level build-out plans that each state will use to evaluate its participation in FirstNet. A PowerPoint presentation from the workshop is available at:

http://www.ntia.doc.gov/files/ntia/publications/day_one_vision_presentation_sf_workshop.pdf

Public Safety Communications Research Conference. General Manager Barry Fraser and TAC Chair Ahsan Baig will attend the Public Safety Broadband Stakeholder Conference, June 4-6 in Boulder, Colorado. This three-day conference is hosted by the Public Safety Communications Research (PSCR) program of the U.S. Department of Commerce. Staff will learn about recent PSCR work efforts related to Long Term Evolution (LTE) Demonstration Network test results, recent public safety broadband requirements gathering and standards development activities, and nationwide broadband modeling and simulation efforts and results.

The conference will also provide an opportunity for FirstNet Board members and their technical staff to inform stakeholders about current FirstNet efforts, as well as provide an opportunity for stakeholders to ask questions and provide feedback to FirstNet, PSCR, DHS, NTIA, and all other partners. Subject matter and industry experts will present on some of the most pressing and important technical communications topics.

In addition, the FirstNet Board has decided to relocate their June Board Meeting to the conference on the morning of June 4.

4. FirstNet Planning

Spectrum Lease Negotiations. On February 12, 2013 the First Responder Network Authority (FirstNet) Board adopted a resolution directing FirstNet Board member Sue Swenson to

negotiate spectrum leases with each of the seven BTOP grantees, including the BayWeb Project. On May 13, 2013, the FirstNet Board extended the time period for negotiating these agreements by an additional 30 days, to June 12, 2013. Staff continues to negotiate the spectrum lease with Ms. Swenson and FirstNet. A new draft lease was distributed by FirstNet on May 30, and discussions will continue throughout the week of June 3rd at the PSCR Conference. BayRICS staff will provide updates as they become available.

As staff reported last month, primary requirements of the lease include:

- Compliance with FCC Rules, Communications Act and minimum technical requirements of the Technical Advisory Board for First Responder Interoperability;
- Geographic scope of operations to be the geographic boundaries of the BayRICS members, with the ability to expand the geographic area upon mutual agreement;
- Eligible services defined;
- No lease fee requirements;
- Project will operate on both Public safety broadband spectrum and D Block spectrum (full 10x10 MHz)
- Project will be built and operated according to open, non-proprietary and commercially-available standards;
- A significant representation of the public safety entities within the geographic scope of operations intend to receive wireless communications services from the project;
- Lessee shall provide reasonable access to its operations, and shall facilitate the collection and sharing of information about its operations to FirstNet;
- Quarterly reporting requirements;
- "Key Learning Conditions," to assist FirstNet in planning for the nationwide network. Specific learning areas for the Bay Area include high power coverage in rural or wide area deployments, development of public safety applications, and other test scenarios that will help FirstNet develop and implement its plan for the nationwide network.
