RE: Item 9: UASI "Grants at a Glance" Documents

Attachments:

1. UASI Grants at a Glance (Attachment A)
2. Pre-performance Timeline FY12 and FY13 UASI (estimates) (Attachment B)

For Discussion:

Attached please find two timeline documents for discussion.

The first document, entitled "UASI Grants at a Glance," provides a breakdown of performance period timelines for each of the current UASI grant years.

The second document, entitled "Pre-performance Timeline FY12 and FY13 UASI," provides a breakdown of our current timeline estimates for the pre-performance period before the FY12 and FY13 UASI performance periods. These estimates are highly subject to change based on when DHS issues grant guidance.

The Management Team hopes these documents serve as useful reference tools. We will update them as needed.
