

Medical Surge/Patient Tracking Project

Project Goals

1. A Literature Search and list of Best Practices for medical surge planning
2. A gap analysis on medical surge regionalization (identify tools)
3. A patient tracking system feasibility study
4. A discussion-based exercise re patient tracking (seminar or workshop)

Steering Committee participants (to date)

Caryn Thornburg, ICF Medical Surge Planning Expert	Lynn McCray, Monterey County
Cheri Hummel, CHA	Mary Macaluso, San Francisco
Craig Johnson, EMSA	Miles Julihn, Marin County
Cynthia Frankel, ALCO EMS	Miriam Ramos, VA
Jennifer Henn, Napa Co. Public Health EP	Naveena Bobba, SFDPH
Jerald Fenner, HHS	Rafael Vargas, Contra Costa EMS
Jim Morrissey, ALCO EMS	Ron Seitz, Alameda County
Karen Relucio, San Mateo County Health Dept.	Rubin Chavez, SC Health Services
Kathleen Koblick, Marin County	Sam Barnett, Nappa Co. EMS
Kelly Coleman, RDMHA	Stephen Watts, ICF Deputy Project Manager
Lisa Angell, CHA	Zerlyn Ladua, Alameda County

Project Accomplishments to date

- Project kick-off held on March 6th, 2013 and monthly check-ins
- Gap Analysis: Literature review and plan collection; Minor rescoping of deliverable
- Patient Tracking: Partial completion of interviews/data collection for operational and technical capabilities.

Next Steps

- Issue questionnaire to Medical Health Operational Area Coordinators (MHOACs), Hospital Preparedness Program (HPP) Coordinators, Local Emergency Medical Services Agency Directors, Health Officers, County/City Public Health Preparedness Director/Coordinators to gather perspectives on regional activities currently taking place & identify areas for growth (and tools to foster that growth).
- Establish Exercise Planning Team and confirm date for patient-tracking discussion based exercise.
- Complete one county interview and one vendor interview (this week); draft findings and report to steering committee.
