

# 2021 Bay Area UASI PUBLIC SAFETY PREPAREDNESS SUMMIT

## Golden Eagle Exercise

November 3, 2021 9 AM - 3 PM  
Various Locations

Focused on critical transportation operations and logistics for distribution of life sustaining commodities, this year's Golden Eagle Exercise brings together local government, transit agencies, state / federal agencies, the Bay Area Joint Information System, private sector, and community preparedness partners in a simulated response to a catastrophic earthquake. Exercise participation will occur at various Bay Area agency locations including EOCs and C-PODs.

## Seminar and Training

November 4-5, 2021 8 AM - 5 PM  
Hyatt Regency San Francisco

This two-day conference is an opportunity to network with colleagues across public safety disciplines, private sector partners, and non-profit community-based organizations. It will feature an exhibit hall, evening reception, keynote speakers, panel discussions, and the sharing of best practices to build a more resilient Bay Area. Specialized tracks include:

- Mass Notification Seminar
- Emergency Preparedness Training for Community Based Organizations
- Securing the Cities

Register at [www.BayAreaUASI.org](http://www.BayAreaUASI.org)

## Securing the Cities Training & Drills

November 5, 2021 8 AM - 5 PM  
Hyatt & Pier 38, San Francisco

This series of training and drills, with the support of instructors, will reinforce radiological assessment skills using Personal Radiation Detector and Radio Isotope Identification Devices. Non-STC participants may observe public safety personnel demonstrating their ability to detect and identify radiation sources using newly purchased equipment as part of the STC program. All STC partners and RN emergency responders are welcome to participate.
